

Club Arrival.

Dear Member

As of 1st September we are making the following changes for your arrival at the Club.

- Please continue to arrive no earlier than 30 minutes before your tee time.
- How you enter and leave the course remains the same.
- The current zones 3, 2 and 1 will be removed.
- In-line with the Government advice please keep yourself socially distanced at all times when at the Club.
- You are free to use the practice nets/chipping area and putting green until you have to move to 1st Tee.
- Move to the 1st tee 5mins before your allotted time, please do not be late and do not tee off early. ***Please remember the course does not open until 7.30am, being the first tee reservation, and the tee closes at 6.30pm, being the last tee reservation.***
- There may not be a marshal on duty, but if not, please observe the guidance above.
- The use of the areas will be monitored and we will reintroduce the zones if required due to social distancing not being maintained.

The Greens Committee will, from 1st September, be taking over the organisation of the marshalling.

I would like to personally thank every person who donated their time to marshal so that our Club could operate and every Member owes you a debt of gratitude. I hope that your support will continue as required.

Kind regards

Tony Davies
Director
